## PROFILE

I am a 3rd year bcom student at Delhi University, and I am making a career in web development and I am always looking for new challenges. I believe that I can use my skills and experience to contribute to any team and help you achieve your goals. I am looking for an opportunity where I can use my skills in contributing to the success of the company and also to improve my personal skills

## WORK EXPERIENCE

- Built a custom WordPress website for Equity Tank, a financial services company.
- Built a custom WordPress website for Eoan Enterprises, a furniture selling company.
- Developed and maintained the website's content management system. Implemented security and performance optimization measures. Collaborated with a team of designers and developers to create a user- friendly and visually appealing website and web app.
- Developed and customized WordPress themes for various clients, ensuring seamless functionality and visually appealing designs.
- Implemented responsive web design techniques, optimizing websites for mobile devices and improving overall user experience.
- Conducted thorough WordPress plugin research and analysis, selecting and integrating the most suitable plugins to enhance website performance and functionality.
