PROFILE

Motivated BCom Student Seeking Web Development Career Opportunity
As a third-year BCom student at Delhi University, I am committed to pursuing a career in web development and constantly seeking new challenges to refine my craft. I am confident that my skills and experience can be valuable assets to any team, and I am eager to contribute to the success of your company while also sharpening my own abilities. Let's work together to achieve our goals.

WORK EXPERIENCE

Here are some of my accomplishments as a WordPress developer:

- Customized WordPress websites for Equity Tank and Eoan Enterprises, including development of a content management system, implementation of security measures, and optimization of performance.
- Collaborated with designers and developers to create visually appealing websites and web apps that are user-friendly.
- Created customized WordPress themes for various clients, ensuring seamless functionality and stunning designs.
- Optimized websites for mobile devices using responsive web design techniques, significantly improving user experience.
- Conducted extensive research and analysis of WordPress plugins, selecting and integrating the most suitable ones to enhance website performance and functionality.
